

# BUDDY TEAM LEADERS

- Insure a safe playing environment.
- A Buddy Team Leader is responsible for coordinating all aspects and activities for the Buddies assigned to a team and communicating with the Buddies.
- Each team will have one or more Buddy Team Leaders assigned.
- Insure that each player has an assigned Buddy if required by the league.
- Each team will be assigned more Buddies than players to allow for schedule conflicts.
- Contact their Buddies before a game is played to determine who will be at the game to make sure players are covered.
